

*From shelter for a day ...
to stability for a lifetime.*

2014 Annual Report

Helping neighbors overcome barriers to end their homelessness...

*Neighbors share their impressions of Horizon House
and how it has directly impacted their lives.*

"Homelessness is a situation of really having to swallow your pride to get help. With Horizon House, more than any other organization, you don't need to do that. Everyone makes you feel like you're somebody."

Robert S.

"Horizon House provides great hospitality and services for anyone looking to regain their stability."

Marvin H.

"A place like Horizon House is where people feel affection and respect during very difficult times without discrimination."

Pablo E.

"Everything I needed to get my life back was here. I am thankful for the staff that didn't give up on me. If it wasn't for Horizon House, I don't know where I would be."

Robert O.

"To my Case Manager: You helped me a few years back. Now I live on the east-side and I pass the center daily. I wanted you to know that still to this day, I appreciate everything you did for me and my family. I am still utilizing the advice you gave me and trying to stick to a budget, though sometimes it's really hard. Some good news: I have been advancing in my career, going back to school, and have a really good job. I haven't put myself in any situation where I might hit rock bottom. In fact, I recently signed a lease for my first house and got engaged!"

Alicia W.

Paul's transformation

Average Indianapolis residents walk and drive over bridges every day, oftentimes not wondering if someone's home is right beneath their feet. Metaphorically and physically, Horizon House seeks out and serves the people who day by day go unnoticed by the general public. One of these individuals is named Paul, who lived under a bridge in downtown Indianapolis. Paul lost his job 20 years ago and had been homeless ever since.

Melissa Burgess, our Street Outreach Rapid Response Team (SORRT) Coordinator, knew Paul for many years and was constantly trying to gain his trust and engage him in services, but he continued to refuse for his own reasons.

In January, Paul's life took a drastic change. While living outside in sub-zero temperatures, Paul developed frostbite on his feet. Paul rarely sought medical treatment because most of his ailments healed in time, and he thought this frostbite would do the same. Unfortunately, that was not the case. The frostbite continued to progress until his feet turned black resulting in gangrene. Melissa knew about his situation and his feelings towards seeking medical assistance, so she continued to check on him in the bitter cold. On one of these days, Melissa found him curled under just a single blanket and covered with a sheet of ice. She then rushed him to the hospital for treatment.

Unfortunately, Paul had to undergo surgery to amputate toes on both feet. After his surgery, he was sent to a rehabilitation center to learn how to walk again. Melissa continued to engage Paul and propose housing opportunities for him. This time Paul was eager to access resources to better his quality of life.

After 20 years of calling the streets his home, he is now housed! Melissa continues to check on Paul, but she does so in the warmth of his new apartment instead of beneath a cold bridge. In addition, Paul now comes to Horizon House to seek medical assistance from the Eskenazi Health Pedigo health center. Paul has gone through a complete transformation to a whole different life—one filled with hope and trust.

2014 Community Partner Award:

Each year, a community organization that has made significant contributions in helping Horizon House to fulfill its mission is honored. In 2014, Horizon House was pleased to present The Dwelling Place with the Community Partner Award in recognition of a very engaged group that has demonstrated true leadership, commitment, and passion for serving our homeless neighbors.

The Dwelling Place began working with Horizon House in 2013 and has contributed to our mission in insurmountable ways. In 2014, The Dwelling Place coordinated many events and services for our clients throughout the year, including a Thanksgiving Breakfast, meals during emergency shelter nights, and donation drives that brought in 200 backpacks, 250 pairs of women's underwear, 500 pairs of men's underwear, and 420 pairs of thermal socks. They also helped organize our Donation Center, serve meals, and make Survival Kits for our Outreach Team.

Horizon House is honored to collaborate with this group to help meet the needs of our neighbors in Indianapolis. It has truly been a pleasure to work with a group that is so dedicated to helping improve our community. We are very impressed with their commitment and passion to help neighbors improve their lives.

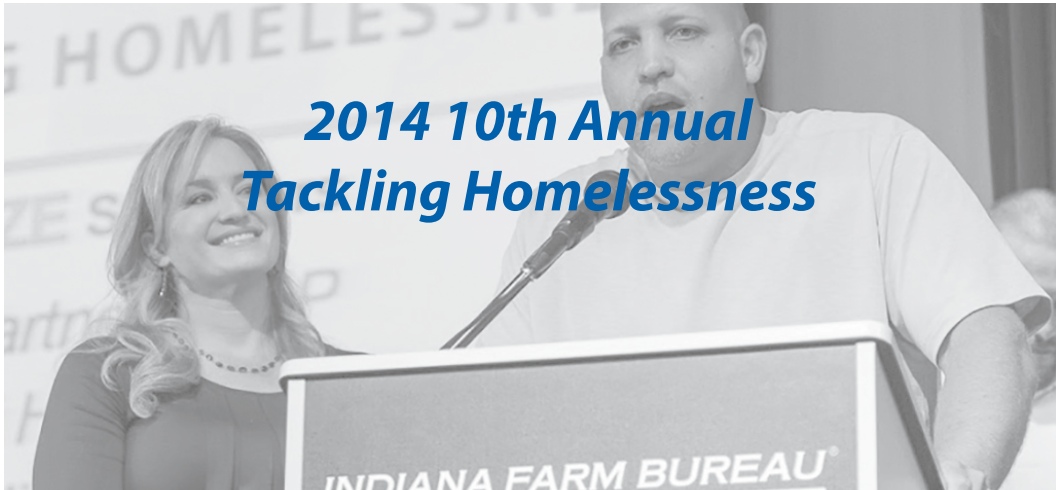

2014 Meador Volunteer Award: Dawn Moore

Horizon House is honored to present the 2014 Meador Volunteer Award to Dawn Moore. Dawn is a very kind and compassionate individual. She dedicated over 170 hours of her time to volunteer at Horizon House and help end homelessness in our community.

Dawn was introduced to Horizon House through her friend and our Executive Director, Teresa Wessel. Her first volunteer opportunity was serving a Thanksgiving meal with her husband and two nephews. After that experience, she wanted to devote her time to volunteering as often as possible. In 2014, she came in every Friday to assist clients working in our Opportunity Knocks employment lab. She helped clients feel at ease during the stressful process of searching for employment opportunities by guiding them through the process of applications and answering questions. She also came every Wednesday afternoon to help in our Day Room and check in clients for their medical appointments.

Volunteers like Dawn are irreplaceable and crucial for Horizon House to continue its mission and vision of helping neighbors to end their homelessness. It has truly been an honor for our staff to work with Dawn to create better lives for our neighbors.

2014 10th Annual Tackling Homelessness

The 10th annual Tackling Homelessness was held at the Colts Training Facility. Ten years ago Josh and Marcella Williams decided they could do more to help our neighbors by creating an event to increase awareness and raise critical funding for our mission. Josh and Marcella co-hosted last year's event with Joe and Jill Reitz. This event marks a major contribution to our annual funding. It is key to helping our homeless neighbors overcome barriers to end their homelessness. There were 400 attendees at the event and we raised \$160,000 to end homelessness in our community!

This event would not be possible without the assistance of many individuals, volunteers, and sponsors which include:

Letter of thanks

2014 was an extremely busy year for Horizon House, and with the support of our partners, donors, and volunteers we were able to make it a huge success. We are so grateful for the individuals and groups who have partnered with us to help improve and advance our organization. Horizon House offers a unique approach to helping homeless individuals by providing comprehensive services to empower them to end the various factors that contribute to their homelessness.

This year, Horizon House served 3,361 individuals. Of these individuals 2,084 were new to our organization; this represented a growth of 23 percent. Overall, this group comprised 40,525 visits to Horizon House. During the 2014 Polar Vortex winter, Homeland Security commissioned Horizon House to be an emergency overflow shelter. On a frigid Sunday afternoon in January, we opened our doors to welcome neighbors to a safe and warm shelter. We provided shelter for five nights in January and hosted 174 individuals, including one family of six, by serving them warm meals and giving them a place to sleep. We know we saved lives by being open in the subzero temperatures, and we are so thankful to be able to fill this role with support from our staff, volunteers, and the community.

In 2014, we were able to expand our services for neighbors through our partnership with Eskenazi Health. Horizon House opened an integrated, holistic health center for homeless neighbors called Eskenazi Health Pedigo. The health center is a unique and progressive model that helps our neighbors with onsite services by treating mental health and medical needs in one location. The newly expanded health center allows staff to provide services to more clients than ever before. John Lozier, the executive director of the National Health Care for the Homeless Council, stated, "People experiencing homelessness are far more likely than others to have both mental health and physical health problems. Integrating primary and behavioral health care, as Eskenazi Health is doing in its expanded Horizon House location, is crucial for resolving these complex situations. Congratulations to Eskenazi Health Pedigo, Horizon House, and Marion County for implementing this best practice in the struggle to end homelessness." We are honored to have the ability to provide services to neighbors that help them with all aspects of their health as they are in the process of regaining housing.

We appreciate the many donors, volunteers, staff, and collaborators that have helped us throughout the year. It has been a pleasure to combine everyone's talents as we work towards ending homelessness and creating better access to resources for our neighbors. We are thankful for the passion and guidance our board of directors has provided us. We value our status as a United Way Community Partner and are grateful for the assistance the United Way provides our organization. Horizon House would like to offer special thanks to our onsite partners who support our mission by providing their specialized services to our neighbors. We are grateful and humbled to have the privilege to be able to serve neighbors in their life-journey by moving from shelter for a day to stability for a lifetime.

Thank you for your support and encouragement to continue our mission.

With great appreciation,

Teresa Wessel
